

Visitor COVID19 Requirements and Protocols

March 21, 2022

- **Tests**, if required, **must be of the molecular type** (rapid antigen tests not accepted.)
- **Do not come on site if you are experiencing symptoms of COVID 19, or have received a positive test result.**
- **Have test result(s)**, if required, **and/or vaccination record available to present to the security office** upon arrival.
- **Masks, when required (see below)**, must be of the surgical or N95+ type; cloth masks are not acceptable.
 - Masks are required in confined spaces, such as elevators and on the Marguerite shuttle (so keep one handy!)
 - Masks are recommended even when not required by this protocol.

| | Domestic (USA, Outside CA) Visitors | Foreign (International) Visitors |
|----------------|---|---|
| Vaccinated | <p>Isolate: No. Test: Not required for entry to SLAC. Masking: No. Social Distancing: No. Additional Restrictions: No.</p> | <p>Isolate: No. Test: Not required for entry to SLAC, but must test 5 days after arriving in California.
